Dear Senator Fraser,

I fully support your efforts in Senate bill 362.

You are right. Voter fraud is a big problem.

Please keep up the good work and don't back down from the dishonest liberal politicians who want the illegal immigrants to get to vote here.
Texas citizens should vote, and only citizens, and only one time per election.

Senator Fraser:

I fully support VOTER I.D. This will clean up once and for all, our voting system. I cannot understand why anyone with a brain in their head would oppose this measure, expect a Democrat, or the civil rights movement who are trying to turn this into racism, or stopping the minority from voting. No one is trying to stop anyone from voting. All we are asking is that we should be doing it LEGALLY! With that in mind, one now has to ask the inevitable question. Should voter I.D. get passed, would this seriously impact the voter base for the DEMOCRAT PARTY? If so, then it would appear to me that this political party of rogues is using ILLEGAL VOTES! Is it possible that the PEOPLE could vote on this very important issue state by state? Could it be done? I realise that the cost of doing something like this would run into the millions, but just how much money have we thrown around since Obama took office? Illegal voting undermines our entire system because it is not done fairly. Illegal aliens are illegal. They are criminals. They should not be here and they have NO RIGHT TO VOTE! I sent an e-mail a short time ago to Nancy Pelosi, of whom was so concerned about the illegal immigrants in her state and I asked her what part of criminal did she not understand in the word ILLEGAL? I never got a reply. Go figure.

Sincerely,

Keith Fontaine

Senator Fraser,

Thank you for taking the stand to ensure that the people who have the right to vote in this country are legal. I fully support your action regarding the Voter ID legislation.

I just heard on the news about a Houston police officer who was shot by an illegal alien. Our state needs to do a better job of policing these people and seeing to that justice is served. Never should we knowingly allow illegals in this country with a criminal record and allow them to roam free and conduct business. This man was dealing drugs right under the nose of the Houston Police Department! We could start by enforcing the laws currently on the books.

Thank You,

At last! I hope the GOP is desperate to get this done. And make sure it is a valid ID that is not dreamed up in some backroom photo shop in South Dallas. Don't allow the utility receipts. Illegals pay utilities, or legal they are shacking with. Our country is gone. Do something!

Mr. Fraser:

Any government representative, for which American taxpayers front their paycheck, would be out of touch with reality to assume that any person voting would NOT be required to produce documentation to establish legal identity in our polling places in Texas. This is AMERICA, and in this country, our government simply will no longer protect the interest of our REAL citizens/taxpayer. If the Democrats are unable to justify the presence in Texas of a possible voter, that person should be immediately removed from the polling place. This is such an injustice to the American taxpayer. We are getting tired of watching our government, day after day, represent the interests of non-citizens of America. We actually need to have the people speak up and take action. Today is a good day to start.

Voter Identification Forum

Todd Smith

**Chairman, Texas House of Representatives
House Committee on Elections**

81st Legislative Interim

Representative Todd Smith

Representative Todd Smith

I. Background

Representative Todd Smith

GOP Argument

- ★ In person voter fraud is extremely difficult to detect and prove under current laws. Voter ID is a proven way to deter ineligible voters from casting ballots and catch and prosecute them when they do.
- ★ Almost every other industrial democracy in the world requires photo identification to vote.
- ★ Citizens can't cash a check or get on an airplane without photo identification.
- ★ Since 2002, the Attorney General's office has received 267 alleged election code violations.
- ★ A Rasmussen Report in October 2008 found 88% of likely voters support photo ID, which was consistent across ethnicities.
- ★ Studies show no effect on turnout, and in the 2008 election the two states with the strictest photo ID requirements, Indiana and Georgia, saw record numbers of people voting and a 6-8 percent increase among Democratic voters.

Representative Todd Smith

Democrat Response

- ★ Voter Identification legislation being proposed in Texas doesn't address the real problem in Texas, mail-in ballot fraud, it only addresses voter impersonation, which does not exist.
- ★ In person voter fraud doesn't happen because the odds of getting caught are extremely high, the penalties are extremely serious (felony) and the payoff is miniscule (one vote for candidate of your choice).
- ★ The 2005 Carter-Baker Commission cited the U.S. Department of Transportation and the U.S. Census Bureau in finding that approximately 12 percent of the national voting-age population lack a driver's license. Using 2009 census estimations of the citizen voting-age population in Texas, this translates to more than **2.1 million Texans**.
- ★ Estimates of voters who have no photo ID of any kind range from 1-5%. It takes ID to get photo ID. For example, a certified birth certificate is required to obtain government-issued photo identification. In Texas the cost ranges from \$22.00 to \$43.00 to obtain a Texas birth certificate. Putting a price on the prerequisites for voting creates a modern day Poll Tax.
- ★ A study conducted by the NYU School of Law and other studies have found that **seniors, minorities, people with disabilities, low-income voters, and students** are less likely to possess government-issued photo ID.
- ★ Texas Attorney General Greg Abbott spent \$1.4 million on a voter fraud crusade in 2005-2006, in the end without prosecuting a single case of voter impersonation.

Representative Todd Smith

Process for Getting DPS-Issued ID Card

PROCESS FOR GETTING DPS-ISSUED ID CARD

- (3) ID card is processed in Austin (no matter where in Texas it is requested)
- (4) ID card is mailed from Austin 2-6 weeks after request.

[DPS offices in Harris, Dallas, Tarrant, El Paso, Maverick, and Liberty counties confirm that all driver's license and ID requests in Texas are sent to Austin for processing and take 2-6 weeks.]

Representative Todd Smith

Process for Getting a Copy of Texas Birth Certificate

PROCESS FOR GETTING COPY OF TEXAS BIRTH CERTIFICATE

(1) In Austin (Office of Vital Statistics):

- Bring photo ID, OR two documents with your name, one of which has your signature, OR a copy of immediate family member's photo ID
- Birth certificate usually ready in less than 2 hours

(2) Online order:

- Enter driver license number
- Birth certificate delivered in 10-15 days

(3) By expedited mail:

- Submit application with ID documents by overnight mail or fax
- Birth certificate delivered in 10-15 days

(4) By regular mail:

- Submit application with ID documents by regular U.S. mail
- Birth certificate delivered in 3-4 weeks if credit card payment, or ready in 6-8 weeks if check or money order payment

Representative Todd Smith

Carter-Baker Commission Report 2005

★ The commission's quote on voter fraud in its final report:

“While the Commission is divided on the magnitude of voter fraud – with some believing the problem is widespread and others believing that it is minor – **there is no doubt that it occurs**. The problem, however, is not the magnitude of the fraud. In close or disputed elections, **and there are many**, a small amount of fraud could make the margin of difference. And second, the perception of possible fraud contributes to low confidence in the system. ... We view the other concerns about IDs – that they could disenfranchise eligible voters, have an adverse effect on minorities, or be used to monitor behavior – as serious and legitimate, and our proposal below aims to address each concern.”

★ Recommended that all states require voters to use the Real ID card. With that law, a real ID card can double as a voting card.

Representative Todd Smith

Legal Hurdles

A. U.S. Constitution

B. State Constitution

C. 1965 Voting Rights Act
(Certain states, including Texas)

Representative Todd Smith

Voting Rights Act

★ The burden is on the state to prove that the change in law will be free of any racially discriminatory purpose or effect. (“retrogression” i.e., will not reduce to any degree minority electoral participation).

★ Texas must submit a proposed change in elections law for approval to either the Department of Justice or to the District Court for the District of Columbia for final approval.

★ The DOJ is led by Attorney General Eric Holder, President Obama’s appointment.

★ The DC District Court has 11 active judges – 6 appointed by Clinton, 4 appointed by George W. Bush, 1 appointed by Reagan and 4 that are currently vacant and will be appointed by Obama (i.e., 10 Democrats; 5 Republicans). For each case, the court will randomly select 3 Judges that will oversee the proceedings.

Representative Todd Smith

Hard Photo ID States

★ Indiana

- ★ Photo ID required
- ★ Exemptions for the indigent, those with a religious objection to being photographed, and those living in state-licensed facilities that serve as their precinct's polling place
- ★ Not a Voting Rights state

★ Georgia

- ★ Hard Photo ID law
- ★ No exemptions
- ★ Approved by the Bush Justice Department

★ Florida

- ★ Photo ID law
- ★ No exemptions, but voting allowed with signature match
- ★ Approved by Bush Justice Department

Bottom Line: No hard photo ID law has ever been approved under the Voting Rights Act by either the Obama Department Of Justice or the D.C. District Court.

Representative Todd Smith

- ★ 80th, HB 218, Brown, Betty
- ★ Leo Berman was the Chairman of the Elections Committee (4 Republicans and 3 Democrats).

Representative Todd Smith

80th Interim Report

What the prior committee learned

House Committee on Elections, 80th Interim Report. Leo Berman, Chairman

★ Makeup of the committee was three democrats and four republicans.

★ Interim Charge 2: *Examine the prevalence of fraud in Texas elections.*

★ “At the end of the hearing all committee members could agree that there is some amount of fraud in Texas’ election process. What the committee found is most election fraud happening in Texas occurs within the absentee or mail-in ballot system, through voter registration, and through *politiqueras* or *vote brokers* which are usually found in South Texas.”

(*Politiqueras* are paid to deliver votes, usually by shepherding elderly to polls or by manipulating the mail-in ballot system.)

★ “Another highly controversial topic brought up during the hearing was the debate of whether or not illegal aliens or legal non-citizens were voting, and/or on the voting rolls. Through talking with our county election officials and other experts the committee found the chances of an illegal alien actually voting are very slim; however there are legal non-citizens who could be on the voter registration lists and according to testimony, especially true in south Texas, there is not sufficient information to know who is a legal non-citizen and who is a U. S. citizen.”

The Votes in the House

- ★ A hard photo identification bill did not have the votes to pass the House floor.
- ★ In 2005 and 2007, Republicans (Denny, Brown) didn't pass and didn't even propose a "hard" photo ID bill with 87 and 80 Republicans, respectively.
- ★ In 2009 Republicans had 76 members, but
 - ★ The two Republican members who voted against Voter ID in 2007 were still members. (74)
 - ★ Chairman Kuempel was unavailable to vote due to a heart attack. (73)
 - ★ Speakers do not typically vote as leaders of the House. (72)
 - ★ **Bottom Line:** Republicans needed several Democrats to pass voter ID because they only had 72 or 73 votes (mine included).

Chairman Smith's Change

- ★ To get the marginal votes (Merritt, Jones, Hopson, Heflin, Homer), Todd Smith proposed SB 362 with just two major additions:
- ★ Money for legal voter registration drive/education and training;
- ★ A two-year delay for education of voters as they vote.

Representative Todd Smith

Rep. Brown proposed Exemptions

Sec. 63.0012. EXEMPTION FROM PROOF OF IDENTIFICATION

REQUIREMENT. (a) A voter who presents the voter's voter registration certificate is not required to present any additional form of documentation listed in Section 63.0101 if the voter executes an affidavit claiming the voter does not possess the documentation because the voter:

- (1) is indigent;
- (2) has a religious objection to the documentation;
- (3) is 70 years of age or older and has never been issued a birth certificate because the person's birth was never recorded with any state office of vital statistics; or
- (4) resides in a nursing home or residential care facility.

Difference between Rep. Brown vs. Rep. Smith's Language

★ New and Enhanced Penalties for Fraud

- ★ Smith – Enhances penalties for illegal voting and for falsifying voter registration applications.
- ★ Brown - Does not enhance penalties.

Texas GOP Applauds House Republican Caucus Members' Statement of Principles on Voter ID

1. Ensure a valid photo identification is needed to vote
2. Take effect at the next possible uniform election date
3. Be free of any registration requirements such as same day voter registration that dilutes the intent of the bill, which is ensuring fair and accurate elections
4. Increase criminal penalties for voter fraud and registration

We are all strongly encouraging Chairman Todd Smith and the other Representatives on the Elections Committee to present a bill which protects the integrity of the electoral process, is fully implemented at the next possible uniform election date and ensures a reasonable period of advanced registration to allow voter registrars the time to protect the integrity of the registration process as well."

The below message is self-explanatory and forwarded FYI and appropriate action.

Tarrant County has one of their own at the head of this debate, State Representative Todd Smith Chairs the Elections Committee of the Texas House and is crafting a Voter ID bill. Representative Smith has publicly suggested waiting 4 years to implement the bill and has even considered allowing people to register and vote on Election Day.

As Chairman of the Elections Committee, it is essential that Representative Todd Smith champion a Voter ID bill that protects the electoral process and is immediately implemented.

Why would we pass a bill to protect the electoral process, but then wait several elections before we implement it? The sanctity of the electoral process deserves immediate protection, and should not be delayed for 4 years.

Please phone Representative Smith's office at (817) 283-3131 or (512) 463-0522 and urge him to protect the electoral process by:

1. Making certain that photo identification is required to vote in Texas.
2. Any Voter ID bill should take effect immediately.
3. Opposing Same day voter registration requirements are a recipe for voter fraud and will dilute the intent of the bill, of ensuring fair and accurate elections

The legislative session will end soon. Please call today!

Are Republicans Trying to Kill Voter ID? *Austin Chronicle* Article
Lee Nichols Wed May 6, 6:53pm, 2009

Todd Smith is getting exasperated. You can hear it in his voice.

The chair of the House Elections Committee, a Republican from Euless, wants to deliver a **voter ID bill** to Gov. Perry's desk

But ironically, it's a pair of Republicans that Smith says are preventing him from getting it out of committee.

Timeline of Voter ID 81st Legislature

5-11-2009 -Voter ID passes the House Committee on Elections

- ★ SB 362 passed on a 5-4 vote, with Rep. Heflin joining the Republicans and Rep. Bonnen joining the Democrats.
- ★ Within 5 days of learning that Rep. Brown and Rep. Harper-Brown would only vote for a bill than was identical to the Senate Bill, Chairman Smith votes that version out of committee.

- ★ 167 bills passed out of House Committees 5-11 through 5-13.
- ★ 107 of those bills passed the House
- ★ That means 64 percent of the bills that passed out of House Committees 5-11 through 5-13 passed on the House floor.

III. The Future

Representative Todd Smith

81st Interim

★ Speaker Straus has asked the Committee on Elections to examine the prevalence of fraud in Texas elections and study new laws in other states regarding voter identification.

★ We held a hearing on voter fraud and voter ID legislation on June 14th.

★ We will provide an Interim Report to the Speaker by December.

★ This report will be available to the public in January 2011.

★ It now appears there will be at least 77 Republicans who are willing and eager to pass whatever version of Voter ID is likely to be upheld under the Voting Rights Act. The primary restraint will be legal rather than political.

Procedures for Voting

When a voter arrives at a polling location, the voter will be asked to present one of the seven (7) acceptable forms of photo ID. Election officials will now be required by State law to determine whether the voter's name on the identification provided matches the name on the official list of registered voters ("OLRV"). After a voter presents their ID, the election worker will compare it to the OLRV. If the name on the ID matches the name on the list of registered voters, the voter will follow the regular procedures for voting.

If the name does not match exactly but is "substantially similar" to the name on the OLRV, the voter will be permitted to vote as long as the voter signs an affidavit stating that the voter is the same person on the list of registered voters.

If a voter does not have proper identification, the voter will still be permitted to vote provisionally. The voter will have (six) 6 days to present proper identification to the county voter registrar, or the voter's ballot will be rejected.

The "substantially similar" names protocols can be found at <http://tinyurl.com/subsimname>. They are incredibly subjective. So even if you have one of the required forms of id, and it's current, you could still have a problem if your name on the id is not exactly the same as your name on the voter registration list.
